Harassment and Discrimination Policy

Under Australian law it is a requirement of every workplace to ensure it provides an environment free from all forms of harassment and discrimination, including victimisation and bullying. In doing so, all staff and students are treated fairly and have the opportunity to feel safe, valued and respected.

By definition, harassment includes any form of behaviour that is unwanted, unwelcome or unreciprocated by relevant persons. This may manifest as verbal or physical harassment but includes any acts that may be perceived as humiliating, offensive, intimidating, threatening, discriminatory or otherwise contributing to an unpleasant workplace or experience for the persons.

At The Business School Pty Ltd it is made known that in the event that a person considers that he or she has been or is being harassed, this person should be encouraged to inform the other party that their behaviour is objectionable and should not be continued, provided they are comfortable with confronting the offender. In instances where the person is not comfortable discussing the matter with the offending party, a trainer or other TBS staff member should be informed of the situation. In this case it becomes the responsibility of the relevant staff to follow The Business School Pty Ltd policy and procedures to rectify the situation.

All students and staff working with The Business School Pty Ltd have the right to discuss matters of harassment with the relevant members of staff without making a formal complaint; all discussions are dealt with in confidentiality. The right to lodge a formal complaint of misconduct against the offending party is available and will be actioned according to TBS policy and procedures.
TBS Training Pty Ltd ensures that all staff are adequately trained in dealing with harassment and discrimination in order to fulfil their roles and responsibilities in creating and contributing to a harassment and discrimination free workplace. In addition to relevant training, TBS management provides opportunities for communication and mentoring amongst staff to ensure that all employees understand and correctly apply the processes and procedures involved in identifying and addressing of all forms of harassment and discrimination.

The data management system is Cloud based and offers the security and integrity expected of a reputable Cloud storage system. In addition, electronic records are copied to a portable hard drive, every four (4) week period. The portable hard drive is stored off site in a fire proof secure location.

The Business School Pty Ltd software and hardcopy systems will retain student’s results for a period of no less than thirty (30) years. If requested, enrolment information, training and assessment information or results of assessment will be provided in electronic format wherever possible.

Paper based records will be scanned and saved in Adobe PDF format. Paper records will be securely shredded every twelve (12) months in accordance with The Business School Pty Ltd CEO’s directions.

A copy of each testamur issued is scanned and retained in Adobe PDF format. If requested, the testamur may be re-printed at any time within the thirty (30) year period after issue. This method ensures the original format, design, signature, date and units of competency are re-printed accurately and with a minimum of effort and expense.

The database system is used and data/files/records are converted and saved in Adobe PDF format. The Business School Pty Ltd has chosen Adobe PDF because research indicates this software will be able to be opened and read for up to thirty (30) years.

Ceasing operation
In the event that The Business School Pty Ltd ceases to operate, its records will be transferred to ASQA in the appropriate format and detail as specified by the Department at the time of ceasing RTO operations.

All other records including training records, taxation records, business and commercial records will be retained for a period of at least seven (7) years.

The Business School Pty Ltd will ensure that any confidential information acquired by the business, individuals, or committees or organisations acting on its behalf is securely stored.
Access to Records

The Business School Pty Ltd has implemented a record management system that ensures that all students have access to accurate information regarding their learning in a timely fashion. To ensure this, employees are informed of their responsibilities for record keeping and the process is monitored through the continuous improvement process and improved where necessary. This section outlines the data management procedures that support this records management system.

Access to student records

Access to individual student training records will be limited to those required by the Standards, such as:

- Trainers and assessors to access and update the records of the students whom they are working with
- Management staff as required to ensure the smooth and efficient operation of the business
- Officers of ASQA or their representatives for activities required under the standards for registered training organisations

The Business School Pty Ltd trainers and assessors will maintain accurate and current records of each student’s progress and achievement of competencies in the area of their study. These records will be entered on the The Business School Pty Ltd database system during training and assessment or immediately at the completion of training and assessment.

As students complete each competency, the trainer or assessor will check the achievements against the relevant qualification packaging rules and sign off successfully completed competencies.

All details of full or partially completed competencies will be recorded and stored on the student’s file.

Within thirty (30) days of successful completion of all relevant competencies within a qualification, the student will be entitled to receiving the full qualification. The certificate and academic record and / or statement of attainment will be produced and signed by TBS management or authorized representative and presented to the student.

A scanned electronic copy of all signed qualifications issued will be converted to PDF format and secured in the student's file.

Student Access to Records

Students have the right to request information about or have access to their own individual records. TBS trainers and assessors or administration staff will provide the requested information or access. Students also have the right to request a hard copy of their own individual file that can be supplied as a printout from records retained within the data management system.
You should feel free to ask your TBS trainer and assessor or administration staff at any time for a printout of your progress.

Privacy

The Business School Pty Ltd considers student privacy to be of utmost importance and will practice a high standard of care and concern in regard to maintaining student privacy in all aspects of business operations. Any persons external to the organisation acting on behalf of The Business School Pty Ltd are made aware of the confidentiality procedures and privacy policies prior to commencing work with TBS.

The Business School Pty Ltd will comply with all legislative requirements including the Privacy Act 1988 (Commonwealth) and Australian Privacy Principles (2014). The Privacy Amendment (Enhancing Privacy Protection) Act 2012 (Privacy Amendment Act) made many significant changes to the Privacy Act 1988 (Privacy Act). These changes commenced on 12 March 2014. The Privacy Regulation 2013, made under the Privacy Act, also commenced on 12 March 2014.

The Business School Pty Ltd ensures no student information is disclosed without the student’s consent, except as required by law or in adherence to the Standards. Student consent must be obtained in writing from the student, unless the student is under the age of 18 years, in which case written consent from their parent or guardian must be obtained. Consent to disclosure of information forms and / or letters will be recorded.

Recognise Qualifications of Another RTO

The Business School Pty Ltd will recognise all AQF qualifications and statements of attainment issued by any other RTO. If any ambiguity is detected when validating a student’s certification, TBS will seek verification from the relevant RTO before recognising the qualification or statement of attainment.

Procedure for Recognition of Qualifications

Students enrolling with The Business School Pty Ltd will be made aware of the recognition of qualifications policy by TBS staff at the time of enrolment to offer the opportunity of recognition of relevant qualifications or statements of attainment prior to the commencement of training. TBS trainers will remind students of the policy progressively throughout the duration of their course.

When a student presents an AQF qualification or statement of attainment to a trainer or staff member, a copy of the certificates will be taken and submitted to The Business School Pty Ltd for verification. The Business School Pty Ltd will verify the authenticity of the qualification or statement of attainment.
The verified copy of the qualification or statement of attainment is placed in the student’s file. Once verification of the qualification or statement of attainment has been established, TBS staff will inform the student and offer exemption from the relevant unit(s) of competency. Staff will ensure the student is aware of and understands what component(s) of their training and assessment are affected.

TBS staff will update the student’s records accordingly.

Credit Transfer

Credit transfer refers to the transferral of academic credit obtained by students through participation in courses or national training package qualifications with other RTOs, towards a qualification offered by The Business School Pty Ltd. Credit transfer is granted on the basis that the credit validates the student’s competency within the relevant qualification / unit of competence. Credit transfer of a qualification / unit of competence is available to all students enrolling in any training program offered by The Business School Pty Ltd.

Unique Student Identifier

The Unique Student Identifier (USI) scheme, enabled by the Student Identifiers Act 2014, allows students to access a single online record of their VET achievements. The scheme also allows for reliable confirmation of these achievements by employers and other RTOs. The online system provides each student with a USI.

The USI scheme will provide a national online authenticated record of student’s training attainment and will serve as a building block for a range of vocational education and training reforms. Over time, the ability of students to access and share their training records will make enrolment processes more efficient for training providers and students. Training providers will have access to an online information source to manage student transfers between training providers, and the assessment of credit transfer and pre-requisites.

The Business School Pty Ltd will only issue a qualification or statement of attainment to a student after the student has provided a verified USI or TBS applies for a USI on behalf of the student. To avoid any delays in issuing certification documentation TBS will ensure that student’s USIs are applied for or verified USI at the time of enrolment.

The Business School Pty Ltd will protect the security of all information related to USIs. Security measures are in place to protect both digital and hard-copy records from loss, damage or unauthorised access. TBS stores paper based records in locked cabinets. Digital records are backed up on a Cloud system. All AQF certification documentation issued by TBS is kept for 30 years. Where a qualification or statement of attainment is recorded in the USI scheme, TBS does not retain additional records to demonstrate this because the required records will exist within the USI scheme.
When reporting data about the training, each record of nationally recognised training that is provided to the national centre for vocational education research (NCVER) national VET provider collection will have a USI attached. This USI will be able to be used to draw down on this data collection in real time. This means that, in the future, students will be able to draw down a record of their VET achievements from one place. They can view this online or they can use the data to develop a transcript that they can attach to a job application, for example.

The USI will be increasingly useful for The Business School Pty Ltd when as the data builds, The Business School Pty Ltd (with the student's permission) will be able to draw down information about that student’s previous VET attainments throughout Australia. This will assist with assessing student’s admission to courses, for credit transfer and in some circumstances, their eligibility for funding. More information is available from the Department of Industry’s website, where a comprehensive video outlines the USI scheme for TBS Training Pty Ltd staff.

Exemptions from the USI

The Industry and Skills Council of Ministers has determined a range of exemptions from the Unique Student Identifier (USI) scheme and a consequential amendment to the National VET Provider Collection Data Requirements Policy. Where an exemption applies, training organisations will be able to issue VET qualifications or statements of attainment to students who do not have a USI and will not be required to include a USI in respect of those students in any submission of AVETMISS compliant data to the National VET Provider Collection.

Exemptions for training organisations

Training organisations exempted by their Regulator from the need to collect and submit AVETMISS compliant data on nationally recognised training activities on the grounds that submission of such data would conflict with defence or national security legislation and/or could jeopardise the security or safety of defence, border protection, customs, national security or police personnel will continue to be exempted from the submission of AVETMISS compliant data and will not be required to participate in the USI scheme.

Training organisations exempted by their Regulator from the need to collect and submit AVETMISS compliant data on nationally recognised training activities on the grounds that doing so would adversely affect their ability to continue to deliver vital community services to the Australian community are exempted as follows:

- For training delivered before 1 January 2016, in respect of all nationally recognised training activity
- From 1 January 2016, the exemption from the USI and AVETMISS reporting will apply only in respect of training activity not delivered on a fee-for-service basis. Therefore, these training organisations will be required to submit AVETMISS compliant data and participate in the USI scheme in respect of all nationally recognised training delivered on a fee-for-service basis. This will ensure that
competitive neutrality applies to registration requirements for training organisations. To give effect to this arrangement the National VET Provider Collection Data Requirements Policy has been updated.

- For training activity before 1 January 2017, training organisations delivering single day training courses will be permitted to issue a VET qualification or a VET statement of attainment to students who have not been able to provide a USI before completion of training. This transitional arrangement is intended to give training organisations specialising in this type of training activity time to develop their business processes and will be expected to participate fully in the USI scheme from 1 January 2017. However, during 2016 these training organisations must still:
  - record and verify a USI where it is provided by the student before completion of training; and
  - submit AVETMISS compliant data in respect of all nationally recognised training delivered, including to those students who do not provide a USI.

Where such exemptions exist, The Business School Pty Ltd will inform students in writing prior to either the completion of enrolment or commencement of training and assessment, whichever comes first, that their assessment results will not appear on their authenticated VET transcript or be available to them via the USI System. The Business School Pty Ltd will also retain evidence that they informed the student of this exemption in the student management system.

**Exemptions for individuals**

Exemptions are provided for an individual where:

- the individual is an offshore international student studying outside of Australia -this means that international students who are enrolled with an Australian training organisation but are not in Australia while undertaking their training do not require a USI in order to receive a VET qualification or statement of attainment. However, training organisations will still be required to submit AVETMISS compliant data in respect of their offshore international students.

In addition, individuals who have a genuine personal objection to being assigned a student identifier will be able to apply for an exemption to the Student Identifiers Registrar.
TRAINING AND ASSESSMENT

The Business School Pty Ltd is committed to delivering high quality training and assessment services that exceed the expectations of their students. To ensure this, TBS has implemented processes for data collection and analysis within its operations that ensure the continuous improvement of training and assessment. Continuous improvement measures in this area respond to the results of data analysis and involve all internal and external stakeholder groups.

The quality and continuous improvement policy and procedure defines the methods of data collection and analysis. In order to provide high quality outcomes to their clients and students, The Business School Pty Ltd ensures that strategies for training and assessment are developed with effective consultation with industry and stakeholders.

Principles of Training and Assessment

Training and assessment strategies developed by The Business School Pty Ltd will adhere to the following principles:

- Training and assessment strategies are developed for each qualification / unit of competency that will be delivered and assessed
- All training programs will require the development of a training and assessment strategy for full and partial completion of a qualification
- Each training and assessment strategy will be developed in consultation with industry representatives, trainers, assessors and key stakeholders
- Training and assessment strategies will reflect the requirements of the relevant training package and will identify target groups
- Training and assessment strategies will be validated annually through the internal review procedures

Quality training and assessment principles

The Business School Pty Ltd will apply the Principles of Assessment and the Rules of Evidence.

Principles of assessment

To ensure quality outcomes, assessment should be:

- Fair
- Flexible
- Valid
- Reliable

Fair

Fairness in assessment requires consideration of the individual student’s needs and characteristics, and any reasonable adjustments that need to be applied to take account of them. It requires clear communication between the assessor and the student to ensure that the student is fully informed about, understands and is able to participate in the assessment process, and agrees that the process is appropriate. It also includes an opportunity for the
person being assessed to challenge the result of the assessment and to be re-assessed if necessary.

**Flexible**
To be flexible, assessment should reflect the student’s needs; provide for recognition of competencies no matter how, where or when they have been acquired; draw on a range of methods appropriate to the context, competency and the student; and support continuous competency development.

**Valid**
Assessment is valid when the process is sound and assesses what it claims to assess. Validity requires that:

- Assessment against the units of competency must cover the broad range of skills
- Knowledge that are essential to competent performance
- Assessment of knowledge and skills must be integrated with their practical application
- Judgement of competence must be based on sufficient evidence (that is, evidence gathered on a number of occasions and in a range of contexts using different assessment methods). The specific evidence requirements of each unit of competency provide advice on sufficiency

**Reliable**
Reliability refers to the degree to which evidence presented for assessment is consistently interpreted and results in consistent assessment outcomes. Reliability requires the assessor to have the essential competencies in assessment and relevant vocational competencies (or to assess in conjunction with someone who has the vocational competencies). It can only be achieved when assessors share a common interpretation of the assessment requirements of the unit(s) being assessed.

**Rules of Evidence**
These are closely related to the principles of assessment and provide guidance on the collection of evidence to ensure that it is:

- Valid
- Sufficient
- Authentic
- Current

**Valid**
Assessment is valid when the process is sound and assesses what it claims to assess. Validity requires that:

- Assessment against the units of competency must cover the broad range of skills
- Knowledge that are essential to competent performance
- Assessment of knowledge and skills must be integrated with their practical application
- Judgement of competence must be based on sufficient evidence (that is, evidence gathered on a number of occasions and in a range of contexts using different assessment methods). The specific evidence requirements of each unit of competency provide advice on sufficiency
Sufficient

Sufficiency relates to the quality and quantity of evidence assessed. It requires collection of enough appropriate evidence to ensure that all aspects of competency have been satisfied and that competency can be demonstrated repeatedly. Supplementary sources of evidence may be necessary. The specific evidence requirements of each unit of competency provide advice on sufficiency.

Authentic

To accept evidence as authentic, an assessor must be assured that the evidence presented for assessment is the student's own work.

Current

In assessment, currency relates to the age of the evidence presented by a student to demonstrate that they are still competent. Competency requires demonstration of current performance, so the evidence collected must be from either the present or the very recent past.

Connecting Training and Assessment with the Workplace

All aspects of The Business School Pty Ltd training and assessment are informed by meaningful industry engagement. To maximise the outcomes for students, TBS ensures that every opportunity to connect training and assessment with the workplace is utilised. Opportunities will be developed in consultation with the relevant workplace personnel and responsibilities clearly communicated to all involved.

To identify a range of delivery and assessment methods that meet a variety of needs, an ongoing schedule of industry liaison and consultation will be adhered to. These consultations will be documented with meetings and memorandums acknowledged by those industry and enterprise representatives involved in consultation relative to the development of assessment strategies.

The Business School Pty Ltd will:

- Involve industry personnel in planning workplace programs, where they are relevant to the training and assessment program
- Ensure that the training and assessment program makes full use of opportunities at the workplace
- Consult with industry personnel in the development of workplace training and assessment processes
- Monitor the student’s progress

Information from industry stakeholders is used to continuously improve training and assessment. A number of programs that engage employers or other stakeholders who contribute to each student's training, assessment and support services to meet their individual needs are available. In addition, TBS utilises industry engagement to inform the currency of trainers and assessors industry skills.
Assessment Policy

The Business School Pty Ltd acknowledges the critical role that assessment plays in determining the competency of students. In developing the assessment (including RPL) for each qualification and unit of competence, the CEO will ensure:

- Compliance with the assessment guidelines from the relevant training package, qualification and unit of competence of accredited course
- Assessment leads to a qualification or statement of attainment under the Australian Qualifications Framework (AQF)
- Assessment complies with the principles of competency based assessment and informs the student of the purpose and context of the assessment
- The rules of evidence guide the collection of evidence to support the principles of validity and reliability
- The application of knowledge and skills is relevant to the standard expected in the workplace, including skills for managing work tasks, contingencies and the job environment
- Timely and appropriate feedback is given to students
- Assessment complies with TBS's access and equity policy
- All students have access to re-assessment on appeal

The Business School Pty Ltd implements an assessment system that ensures that assessment (including Recognition of Prior Learning) complies with the assessment requirements of the relevant training package or VET accredited course. The Business School Pty Ltd recognises that each unit of competency contains assessment requirements relating to; performance evidence, knowledge evidence and assessment conditions.

Training Guarantee

In the extremely unlikely event of a business interruption or training failure by The Business School Pty Ltd or a third party delivering training and assessment on its behalf, students may be transferred to another similar course with another RTO or approved third party at no additional cost to the student, for example. The Business School Pty Ltd will comply with ASQA requirements and exit strategies for any student’s enrolments at risk.
RECOGNITION OF PRIOR LEARNING

Recognition of prior learning means recognition of competencies currently held, regardless of how, when or where the learning occurred. These competencies may be attained through any combination of formal or informal training and education, work experience or general life experience. In order to grant RPL, the assessor must be confident that the student is currently competent against the endorsed industry or enterprise competency standards or outcomes specified in Australian Qualifications Framework accredited courses. The evidence may take a variety of forms and could include certification, references from past employers, testimonials from clients and work samples. The assessor must ensure that the evidence is authentic, valid, reliable, current and sufficient.

The Business School Pty Ltd appreciates the value of workplace and industry experience and recognises that students will acquire vocational skills and knowledge from a variety of sources other than formal training. These skills are legitimate irrespective of how they were acquired and the RPL process is designed to provide validation of such relevant skills.

The Business School Pty Ltd’s Recognition of Prior Learning Process

Recognition of Prior Learning (RPL) is an assessment process that assesses an individual’s formal, non-formal and informal learning to determine the extent to which that individual has achieved the required learning outcomes, competency outcomes, or standards for entry to, and / or partial or total completion of a VET qualification.

The recognition of prior learning (RPL) process will be offered to and explained to all relevant students. All students will have access to The Business School Pty Ltd’s RPL policy which is contained in the TBS student handbook and is available on request.

Students who believe they have already obtained current skills and knowledge that would otherwise be covered in the qualification / unit of competence for which they intend to attain, should apply for RPL at the time of enrolment. The student’s skills and knowledge will be assessed and validated, and where appropriate, units of competency acknowledged and face-to-face training reduced.

As part of the The Business School Pty Ltd enrolment policy, trainers will advise students of the availability of RPL policy, explain what the process involves and how it relates to the attainment of the qualification in some circumstances. Trainers will remind students of this option progressively throughout their time in training, in order to provide multiple opportunities for students to engage in the RPL process.

When approached by a student seeking RPL, trainers will:

- Provide the student with copies of an RPL Introduction Letter
- Provide the student with information about the types of evidence that can be used to support an RPL application
Recognition of prior learning fee
The student will be charged 50% of the scheduled course fee. This includes the initial application, consultation either in person or via phone with the suitably qualified assessor, the RPL assessment and (if successful) certification.

Where the student is not able to achieve the full qualification through RPL and gap training is required, a training plan and costing structure will be mutually agreed upon. The basis of the cost structure will be pro-rata on a unit by unit basis based on the scheduled course fee.

Client selection

Enrolment and admission into some The Business School Pty Ltd training programs is subject to meeting certain prerequisite conditions and/or entry requirements. Specific details of the prerequisites pertaining to these training programs are contained in individual course documentation and are made available prior to enrolment. In the case that a potential

Information includes the time, date and location of training, the resources the student should bring to the course and overview of the units of competency to be studied and the format/style of training to be provided.

**Pre-course evaluation checklist**
A pre-course evaluation of each student is conducted. Questions are designed to identify the student's needs, so TBS staff members can evaluate any requirements the student may have to improve his/her learning experience and outcome. These questions are integrated within the enrolment form.

The designated TBS staff member will receive and assess each student's pre-course evaluation checklist. **Language, Literacy and Numeracy Assistance**

The Business School Pty Ltd course information and learning materials contain written documentation and in some cases, numerical calculations.

TBS recognises that not all students will have the same level of ability in relation to reading, writing and performing calculations. When an issue is identified by TBS staff or requested by a student, a language, literacy and numeracy test will be provided to assess the student's ability. This process is to ensure that all students who commence a training program possess the skills required to understand the presented material and complete assessments.

The Business School Pty Ltd will endeavour to provide assistance to students having difficulty with language, literacy or numeracy to accommodate their needs. In the event that a student’s needs exceed the ability of TBS staff to assist, the student will be referred to an external support agency so they have the opportunity to obtain the skills required to complete the training program.

The Business School Pty Ltd will assist all students in their efforts to complete training programs by all methods available and reasonable. The Business School Pty Ltd will continue to develop strategies to make support available where gaps are identified.

Trainers are responsible for ensuring that all students are aware they can contact their trainer or other TBS staff members in the event that they are experiencing difficulties with any aspect of their studies. Staff will ensure students have access to the full resources of The Business School Pty Ltd to assist them in achieving the required level of competency in all nationally recognised qualifications.

In the event that a student is experiencing personal difficulties, training staff will encourage the student to contact The Business School Pty Ltd who will provide discreet, personalised and confidential assistance as according to the nature of the difficulties.
In the event that a student’s needs exceed the capacity of the support services The Business School Pty Ltd can offer, they will be referred to an appropriate external agency. Extensive information regarding support agencies, resources and services may be sourced online. TBS staff members will assist students to source appropriate support.

**Flexible delivery and assessment procedures**

The Business School Pty Ltd recognises that some people are better suited to learning via teaching methods not usually obtained in the traditional classroom setting. With some minor adjustments to teaching and assessment methods, a student who is experiencing difficulty learning and achieving the desired results in the traditional setting may show considerable improvements.

The staff and management of TBS respect these differences among students and will endeavour to make any necessary adjustments to their methods in order to meet the needs of a variety of students. For example, the inability to complete a written assessment will not be interpreted as a sign of incompetence, provided the student can verbally demonstrate competency.

Acceptable adjustments to teaching and assessment methods may include but are not limited to; having a trainer read assessment materials to students, having a student’s spoken responses to assessment questions recorded or allowing a student to sit for an assessment alone in a different room.

TBS staff will pursue any reasonable means within their ability to assist students in achieving the required competency standards. In the event that a student’s needs exceed the capacity of the support services The Business School Pty Ltd can offer, they will be referred to an appropriate external agency.

**Reasonable adjustment**

Reasonable adjustment means adjustments that can be made to the way in which evidence of student performance can be collected. Whilst reasonable adjustments can be made in terms of the way in which evidence of performance is gathered, the evidence criteria for making competent / not yet competent decisions (and / or awarding grades) should not be altered in any way. That is, the standards expected should be the same irrespective of the group and / or individual being assessed; otherwise comparability of standards will be compromised.
APPRENTICESHIPS AND TRAINEESHIPS

At this time The Business School Pty Ltd will not seek to engage apprentices or trainees, apply for government funding or enter into government incentive schemes. The Business School Pty Ltd’s CEO may take the decision to change this policy in the future and will update this section accordingly.
**DISCIPLINE**

The Business School Pty Ltd makes every effort to practice cooperation and mutual respect in all internal and external dealings to uphold high quality, professional training and assessment services. The same disciplined behaviour is expected of students as a contribution to a functional learning environment, and as a sign of respect to staff and fellow students.

**Professional Behaviour**

TBS Management encourage any trainer or staff member who is dissatisfied with the behaviour or performance of a student has the authority to:

- Warn the student that their behaviour is unsuitable, or
- Ask a student to leave the class, without refund or acceptance into another course, or
- Immediately cancel the class.

If a student wishes to object or lodge an appeal against the disciplinary action taken, they have the right and opportunity to follow the The Business School Pty Ltd complaint procedure.

TBS staff are expected to maintain a professional and ethical working relationship with all other staff members, management and students. Breaches of the disciplinary standards will result in discussion between the relevant trainer and The Business School Pty Ltd, and appropriate action will be taken.

**Plagiarism**

**Definition:**
Plagiarism is the "wrongful appropriation" and "purloining and publication" of another author's "language, thoughts, ideas or expressions," and the representation of them as one's own original work.

**Policy**
Plagiarism is considered academic dishonesty and a breach of journalistic ethics. It is subject to sanctions like expulsion. It is quite reasonable to research material in the course of undertaking assessment. All sources, however, must be clearly referenced. The Business School Pty Ltd's CEO takes a very strict approach to plagiarism and proven incidents will not be tolerated.

COMPLAINTS AND APPEALS

The Business School Pty Ltd has a defined complaints and appeals process that will ensure learners' complaints and appeals are addressed effectively and efficiently.

TBS strives to ensure that each student is satisfied with their learning experience and outcome. In the unlikely event that this is not the case, all students have access to rigorous, fair and timely complaint and appeal processes which are outlined in this section of the policy and procedures document. Any complaints or appeals will be reviewed as part of the continuous improvement process and where corrective action has been highlighted, it will be implemented as a priority.

Complaints Procedure

A complaints procedure is available to all persons wishing to make a complaint, appeal or any other manner of objection in relation to the conduct of The Business School Pty Ltd. The complaints procedure will address both formal and informal complaints. All formal complaints must be submitted in writing to TBS management and will be heard and addressed, including a response to the aggrieved person, within five (5) working days of receipt.

TBS management will maintain a complaints register to document the course of action and resolution of all formal complaints. All complaints substantiated by the complaints procedure will be reviewed as part of the The Business School Pty Ltd continuous improvement procedure.

It is the responsibility of TBS management to ensure adherence to the complaint procedure and that resolution is sought in all reasonable circumstances. This includes informing and assisting students with the complaints procedure and supply of complaint forms.

If the student is still not satisfied with the resolution of the complaint after following and exhausting the complaints procedure, the student may contact the National Training Complaints Hotline to register a complaint by:

- Phone: 13 38 73, Monday–Friday, 8am to 6pm nationally.
- Email: skilling@education.gov.au

Or the student may register a complaint through the ASQA online complaint form at https://www.asqa.gov.au/complaints.

If you are unable to access the online form, please contact the ASQA Info line on 1300 701 801.
Appeals

The Business School Pty Ltd appeals process is concerned with a student’s right to request change to decisions or processes of an official nature, usually in relation to academic or procedural matters.

In the case of a student’s appeal against specific assessment decisions, the student should first discuss the decision(s) with the relevant trainer or assessor and request re-evaluation. The trainer or assessor will hear the student’s appeal, make fair judgement to the best of their ability as to whether change(s) are required and then discuss their final decision with the student.

If the student is still dissatisfied with the trainer or assessor’s decision, they have the right to take the appeal to the management team. The formal notice of appeal is required to comply with the following principles upon submission to management:

- The notice of appeal should be in writing, addressed to The Business School Pty Ltd for referral to the management team and submitted within five (5) days of notification of the outcome of the trainer or assessors re-evaluation process.
- The notice of appeal must be submitted within the specified timeframe otherwise the original result will stand. If a student’s appeal needs to be deferred due to emergency circumstances, such as in the case of serious illness or injury, a medical certificate supporting the case must be forward to management. The notice of deferral must be submitted within three (3) working days of the conclusion date displayed on the medical certificate.

It is the responsibility of TBS management to ensure adherence to the appeal procedure and that resolution is sought in all reasonable circumstances. This includes informing and assisting students with the appeal procedure and supply of appeal forms.

All appeals will be reviewed at the monthly management meeting and, if appropriate, result in a continuous improvement process.

If the student is still not satisfied with the resolution of the appeal after following and exhausting the appeals procedure, the student may contact ASQA and lodge a written complaint.

The form may be submitted by mail to:

Complaints / Appeals Procedure

All persons wishing to make a complaint, appeal or any other manner of objection in relation to the conduct of The Business School Pty Ltd or any third party (such as other students, outsourced trainers, subcontractors, staff, trainers, assessors) have access to the following procedure:

Informal complaint / appeal:
- An initial complaint or appeal will involve the person communicating directly with The Business School Pty Ltd verbally or by other appropriate means.

Formal complaint / appeal:

- On receipt of a formal complaint, the CEO or a nominated senior management person independent of the complaint will notify the complainant in writing that they have received the submission.

- The complaint committee will reach a decision on the complaint or appeal after consideration of each case presented.
- The complaint committee will inform all parties involved of the outcome in writing within five (5) working days of making the decision.
Delayed processes

In the unusual circumstance where The Business School Pty Ltd considers more than 60 calendar days are required to process and finalise the complaint or appeal, TBS Training Pty Ltd will inform the complainant or appellant in writing, including reasons why more than 60 calendar days are required. In line with the importance that TBS Training Pty Ltd places on open and transparent processes and communication, the complainants or appellant will be regularly updated on the progress of the matter.

All complaints and appeals will be reviewed at The Business School Pty Ltd monthly management meetings. Continuous improvement procedures may be actioned when the complaint / appeal procedure results in identification of factors appropriate for improvement to internal operations. When the initial causative factor of the complaint identifies a problem with current The Business School Pty Ltd policies and / or procedures, the continuous improvement procedure will ensure changes are made to prevent reoccurrence of the problem.
